## Beyond Gender

An Advanced Introduction to Futures of Feminist and Sexuality Studies

Edited by **Greta Olson**, Justus Liebig University Giessen, Germany, **Mirjam Horn-Schott**, Alexander von Humboldt Foundation, Germany, **Daniel Hartley**, Justus Liebig University Giessen, Germany and **Regina Leonie Schmidt**, Justus Liebig University Giessen, Germany

*Series: Habitat Guides*

Combining theoretical work with practical applications, this book demonstrates how feminist and sexuality research has become, by necessity, a multidisciplinary venture. In the first part of the volume, scholars from a wide range of disciplines – including literary studies, sociolinguistics, masculinity, and queer studies – critique truisms of gender studies, map out their individual discipline's approaches to the field, and outline the implications of these approaches for the future. The second part offers practical applications of feminist, postfeminist, and queer research, demonstrating to advanced students how to practice feminist and sexuality research now.
